Welcome to Your Toby Turtle Collection!

An ABCLand Tales Resource

Thank you for joining us!

We're delighted to share *Toby Turtle and the Big Feelings* with your family.

Toby's story helps young children explore big feelings, learn ways to calm their bodies, and discover what they can do when things don't go as planned.

We've organized your collection so children and adults can explore in different ways. There's no need to complete everything at once. Follow your child's interests and enjoy learning together!

Start Here — Your Digital Resource Card

Your Digital Resource Card contains **three green buttons**. Open the card and select a button to explore that part of your collection.

1. Child's Bookshelf

For stories, listening, and enjoyment

Your child's online bookshelf includes:

- *Toby Turtle and the Big Feelings* interactive flipbook
- Toby's story song

Open the bookshelf, select a book or song, and enjoy!

Make it easy to find again

An adult can add the Child's Bookshelf to a tablet's home screen.

For iPads:

1. Open the Child's Bookshelf link in Safari.
2. Tap the Share button.
3. Choose **Add to Home Screen**.
4. Tap **Add**.

For Android tablets:

1. Open the Child's Bookshelf link in Chrome.
2. Tap the three-dot menu.
3. Choose **Add to Home screen**, if available.
4. Follow the prompts.

The bookshelf shortcut can then be opened like an app. An internet connection is generally needed to use the online bookshelf.

2. Parent's Bookshelf

For adults who want to explore the learning behind the story

Your Parent's Bookshelf includes:

- Two guided activity flipbooks
- A parenting resource flipbook

These resources offer ways to continue Toby's learning through conversation, playful activities, and everyday experiences.

You don't need special training or materials to begin. Choose ideas that fit your child's interests, abilities, and developmental needs.

There is no required order and no pressure to finish every activity.

Ideas for Enjoying Toby Together

- **Read together.** Enjoy the flipbook and talk about what Toby is feeling.
- **Listen together.** Play the audiobook or story song during a quiet moment.
- **Talk together.** Help your child name feelings and explore what might help.
- **Play together.** Choose an activity from the Parent's Bookshelf and adapt it to your child's interests.
- **Return whenever you like.** Familiar stories can become especially meaningful when children experience them again and again.

Every child learns differently. Some children love listening, some prefer looking at pictures, some enjoy movement, and others learn through hands-on exploration.

There is no single right way to enjoy Toby's story.
